Scoring Inquiry:

Sorry, but your scoring does not Match. As i wrote the scoring should be around 30 to 38. I talked today with 2908 and he confirmed always to be behind me. Interesting why he ist sometimes noted with a less score than me with one lap only at all races while i sailed 2 laps at race 4,5,6. I would prefer to have a look into the race lists to see what's going on.
